

Yamaha WaveRunner VX Cruiser

The VX Cruiser is specially geared for long-range performance cruising in ultimate control.

The luxurious Cruiser® seat with its ergonomically-designed seating position, keep both driver and passengers happy, while the outstanding performance and superb handling make lengthy rides a pleasure.

Comprehensive specifications include luxuries like convex dual mirrors, Reverse and Yamaha remote security system with 'L' mode (low-RPM), giving this WaveRunner® a touch of class and practicality. While a newly designed metallic deck and a sleek hull make VX one of the best looking watercraft on the water.
